A TOAST TO ROME

A TOAST TO ROME

'Tis the end of an era
Bidding "adieu" to our L.A. Home,
Our final, departing gesture:
A farewell Toast to Rome.

Our Rome . . . so like a sculptor
Whose hands skillfully shape our years,
Guiding us day by day . . .
Through our triumphs as well as our fears.

We reflect upon our Rome
As the time of our departure nears,
Memory serves us well . . .
To these remembrances we give 3 cheers:

Here's to PRIDE and TRADITION . . .
The seeds L.A. has sown,
Those who dwell within her walls
Have observed how well they've grown.

Here's to "LIFE-LONG LEARNING" . . .
Our gift from those who teach,
Instilling in us the ability . . .
To grow and extend our reach.

Here's to the Roman SENIORS . . .
Our message: "Dare to dream",
And never lose sight of this one fact:
The river began as a stream.

Here's to the UNDERCLASSMEN . . .
Who one day will lead our Rome:
"Care . . . try . . . work . . . help" . . .
Breathe life into your L.A. Home.

Here's to our EDUCATION . . .
Consuming knowledge with an open mind,
Sharing in a search for ways . . .
To make life better for all mankind.

Here's to LOVE and LAUGHTER . . .
In our FRIENDSHIPS . . . tried and true,
Sharing our souls together . . .
You're here for me . . . I'm here for you.

Here's to COMPETITION . . .
On the ATHLETIC battlefield,
"All for one . . . one for all" . . .
Roman BROTHERHOOD truly revealed.

Here's to our SOCIAL ACTIVITIES . . .
With TOGETHERNESS . . . the order of the day,
Working toward a common goal . . .
Each of us in his own way.

Here's to that "TOTAL PERSON" . . .
Whom we all hope to be,
As we leave our Roman haven
To embark upon life's stormy sea.

May each of our loyal citizens
Now raise his chalice high,
In a UNITED TOAST TO ROME . . .
And a SALUTE TO AN ERA GONE BY.

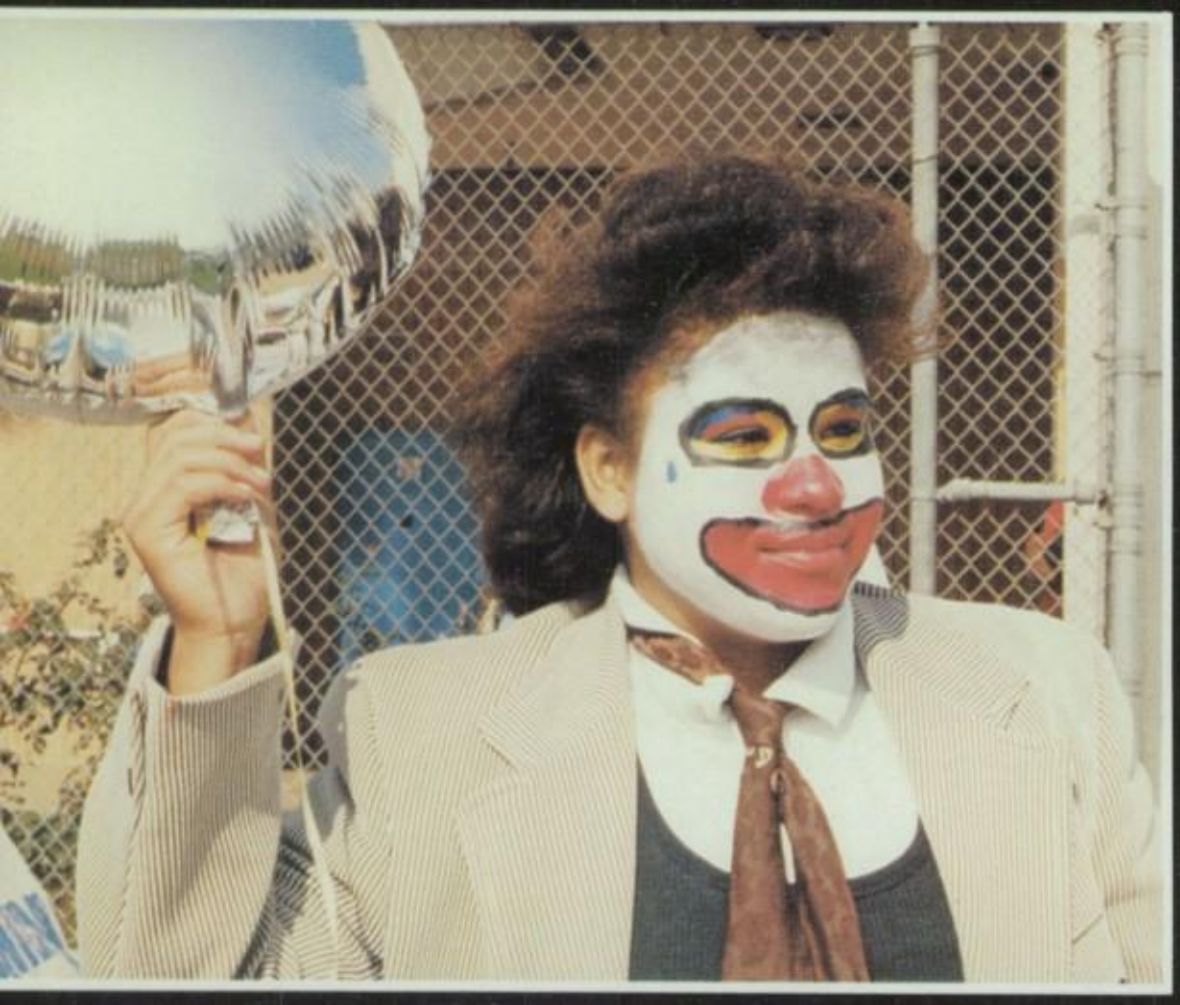
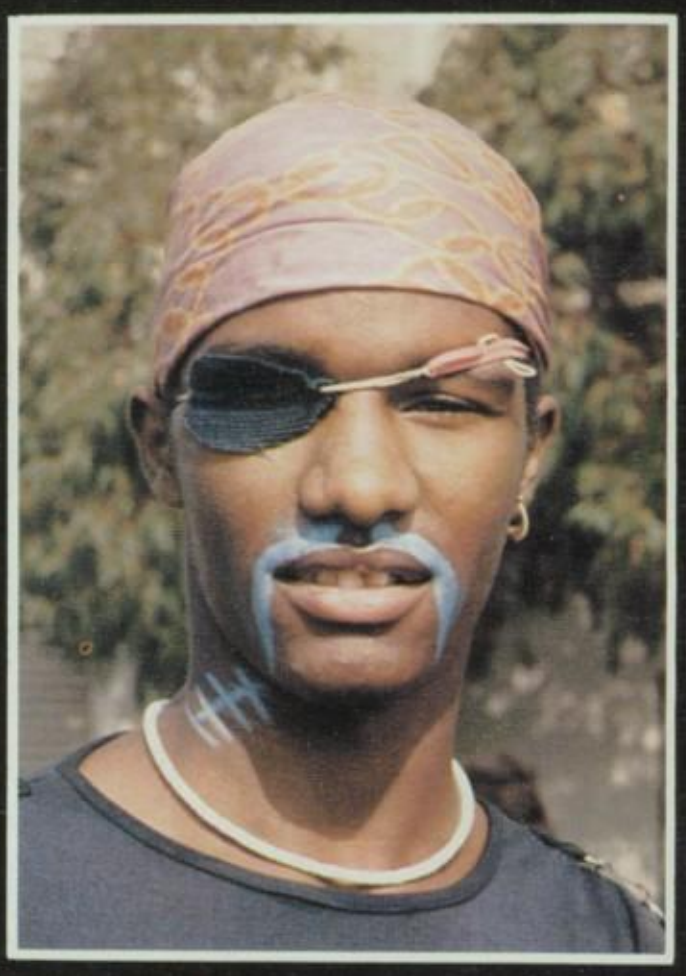
a toast to life

HALL

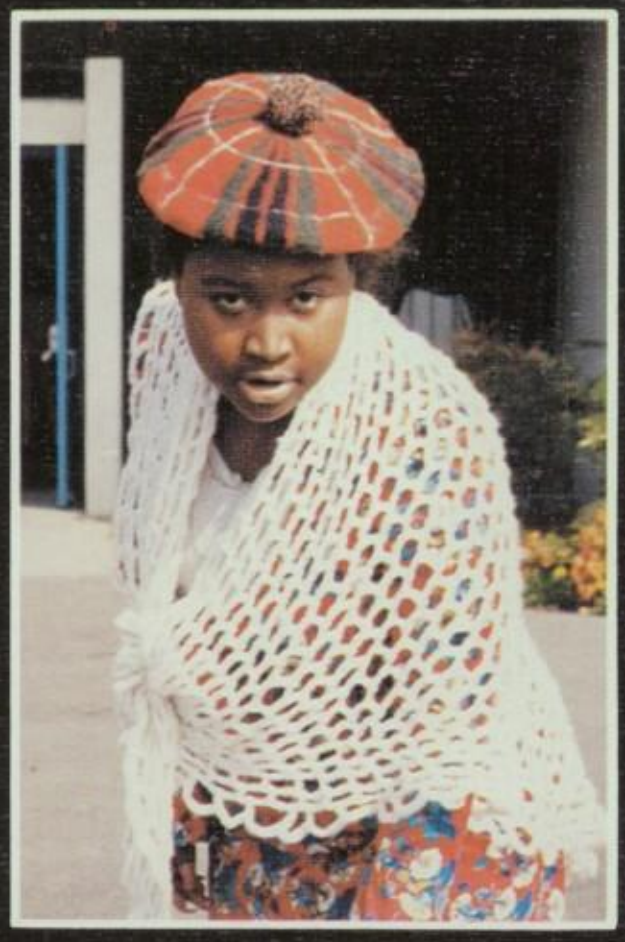




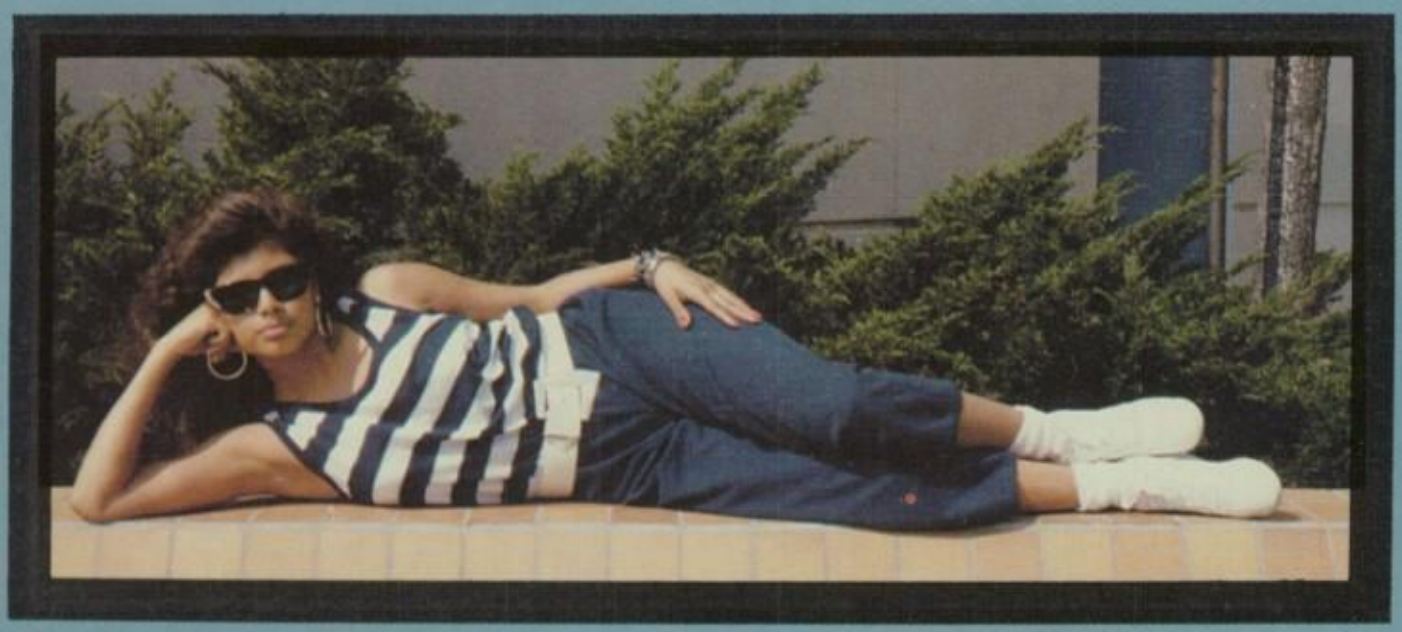
Since the Middle Ages, pagan customs and beliefs in evil spirits and the souls of the dead have been perpetuated to this day; particularly in Great Britain, Iceland, and the United States. The Druids believed that on October 31, the lord of death gathered together the soul of the dead who had been made to enter the bodies of animals and decided what forms they should take the following year. This year was one of many in which our fellow Romans participated in the excitement.

As in the middle ages Romans still carry on the tradition of dressing up like witches, ghosts, and goblins, etc. . . . in celebrating this once a year holiday. Here's a toast to you Romans and our "unusual" trick or treaters.

OWEEN



ROMAN STYLE



FASHION

At Los Angeles High, our Romans are very unique in attitudes, appearance, and style. We are very self-conscious of the way we dress because it represents how we feel about ourselves and how others look at us. Each student at Los Angeles High is an individual and possesses individualistic styles. Whether conservatively dressed or stylishly dressed, our Romans are comfortable being themselves.

This year, many new trends have appeared in the clothing market and are also seen on our campus. The western-cowboy style is very popular this year. This is ironic in our modern society. The western-cowboy suede or leather boots with tassels look very stylish complimenting suede or leather outfits. The belt, hat, rhinestones, and beltlets add a final touch. Guys look especially trendy and mature this year with the G.Q. outfits that include wool slacks, jackets, and dress shirts. Here's to our Los Angeles High students wearing the Roman pride with style.

HOMECOMING 86 . . .

HOMECOMING COURT 1986-1987

One of the most spirited celebrations of Los Angeles High School, Homecoming, was held on a spooky 31 of October. Homecoming began with a football game, Los Angeles Romans playing South Gate. The game was followed by the crowning of the King, Queen, and Homecoming Court followed by an evening of toasting.

Homecoming is a cherished event to Romans, since it reunites former and current students of Los Angeles High School. Homecoming gives Romans the opportunity to share laughter, spirit and pride with fellow Romans. Once a student steps onto our campus, he is very likely to stay here for three successive years. Therefore, it is very important that he shares his experiences as a family. We as a family, were reunited on this very special evening.

A successful homecoming was not as simple as it seemed to achieve. A lot of work was done in preparation. More than a month of hard work went into planning the festivities. Varsity football players kicked off early practices for the big game. Homecoming Court candidates campaigned many weeks in advance of the big day. Various organizations spent many hours decorating their parade floats. It was through the deligent efforts of students, faculty, and administration that homecoming was so successful.

Finally, the big day arrived. All Romans gathered on the field to cheer for our players. The announcement of Homecoming Court 1986 was followed by the crowning of King Agustin Arredondo, and Queen Gabriela Juarez. Spectators rejoiced with all the winners for the glory of triumph. Later that evening, the dance was held at Los Angeles High West Gym. It was an evening to remember. A toast was made to preserve the Roman bond, to toast the exciting year to come and to continue the improvements that Los Angeles High School has made over the past years.

Cheers to all the sweet memories that still live in this special occasion. Homecoming was a great start for a new semester, it was an experience not to be forgotten. Our "we care" attitude was reflected through our support of Homecoming. Let's toast L.A.H.S.

What does it mean to be a member of the star and crescent Society?
It means that as a student of Los Angeles High School you are Proud of the name "Rome"
Proud to be called a "Roman"

Constantly striving for Academic Excellence, by enrolling in challenging classes. Constantly demanding excellence of yourself by incorporating Excellent study skills, striving for and obtaining above average grades, and maintaining outstanding excellent work habits and cooperation grades. Believing and trying to live by the following virtues:

Obedience to law,
Respect for others,
Mastery of self,
Joy in service-
These constitute life.

To have progress there must be order, a plan that is to be followed. This we refer to laws or limitations. If we are to remain strong there must be "Obedience to law." To be strong does not mean to trample on the feelings of others. For the mark of a true leader is "Respect for Others." If we have mastered these two objectives, we can hold our head high and say we have mastered ourselves. "Mastery of self" will not give us the feeling of a full life, however. For what is life without the sense of belonging and of doing for others- "Joy in service." Yes, these things constitute life.

From the time the hammers and cement mixers stopped and the first bells rang out, there has echoed in our halls, and in the heart of every Roman, "You can't beat L.A. High." We are like the great Roman gladiator. We can be knocked down and trampled in the dirt but we will rise again-not to the same height, but higher. We will have our ups and downs, our victories and defeats, but we will never give in.

A winning team is a tremendous boost to spirit, but the real spirit is that which remains during a period of defeat. The realization that losing a game is merely being outscored in points and that our sportmanship, fair play, and fighting spirit are not defeated is the true meaning behind our famous slogan. Those who recognize this fact catch the very essence of our strength and understand why the distinctive spirit of L.A. High has been handed down from loyal generation to loyal generation.

1873 On Sept. 1, the High school in Los Angeles was opened. It was located on the southwest corner of Temple and Broadway.
1875 There were seven students in the first graduating class.
1879 Star and Crescent was founded-President, Mary Foy.
1881 The Alumni Association was founded.
1882 L.A.H.S. moved to Normal school building on the present downtown library site. Other temporary homes followed this move.
1883 Length of High school was changed from 3 to 4 years. Course of study-English, Latin, and classical was felt to be one of the best in the state.
1891 L.A.H.S. finally had a permanent home on Fort Hill (north Hill street) The cost of the new "red school house on the hill" was $70,000. Enrollment was 400.
1900 1400 students were enrolled and an additional 200 were waiting to enter as the census reported a population of 101,000 for Los Angeles.
1905 Senior Board of control was established.
1907-1909 Dr. Gilbert and his Zoology students unearthed extraordinary deposits of the Pleistocene Age at the La Brea Tar Pits, where a plaque now honors this work.
1911 "Hail! Hail! to L.A. High," written by Byron MacFayden, was adopted as L.A.'s High "Alma Mater"
1912 Blue and White weekly newspaper was founded.
1914-1917 Land for present building site was bought. Cornerstone of present building was laid in Sept. 1916-completed in 1917.
1922 School celebrated its 50th anniversary with pageant and the dedication of L.A. High memorial Park.
1925 Blue and White weekly became the Blue and White Daily.
1927 Deagan Chimes were installed in the Tower.
1932 Building of Oliver Pool.
1948 Alumni and students began fund raising campaign for Memorial Hall.
1956 New shop building was completed.
1957 Mrs. Harrison, an alumnus, passed away and left a sum of money for the school. This became the Harrison fund.
1958 Memorial Hall was completed.
1962 Blue and White became a weekly again.
1963 Harrison Hall was completed. It was financed by the Harrison fund.
1964 New drafting building was completed.
1966 New cafeteria was completed.
1967 New boys' and girls' gyms were completed.
1969 New west bleachers were completed.
1970 Teacher's went on strike.
1971 February 9th a major earthquake struck the Roman tower.
1972 L.A. High rises from its catastrophy and Elroy McGlothen was its principal.
1981 Magnet program was established.
1982 New York's Guardian Angels made their appearance in L.A.
1983 Barney Clarck changed Medical History by having a new heart. Charles Brooks Jr. became the nation's first prisoner to die by lethal injection in Texas. Our present Principal Mr. DeSantis came to L.A. High.
1984 New Motto "We Care", and we hosted the 1984 Summer Olympics.
1986 Rose Garden was dedicated, marquee was installed. The Academic Decathlon hosted by L.A.
1987 The Constitution of the United States celebrates its 200th year. L.A. High had its best Athletic year ever and the Class of 1987 tells the world:

"We are not afraid of tomorrow
for we have seen yesterday
and we love today because
today we begin our future."

THE YEAR IN REVIEW 1986

By James Sakamoto

While gazing through a looking glass and observing the many happenings of the past year, the only word that could be used to describe 1986 is INCREDIBLE. It's incredible to think that so many different world events can occur in just one year, while the effects of many of these incidents will live long after the 365 days between January 1 and December 31. It is incredible to reflect on 1986 to see just how much has changed, yet, as we look at the overall condition of the world, we can see just how many things have been left unchanged. And yes, here at Rome we can look back at an incredible year which will long live as one of LA High's most productive and successful ever.

Nineteen-eighty-six definitely did not get off on the right foot. On January 28, while students sat in second period finishing their finals, news was unfolding that the space shuttle Challenger had exploded just 73 seconds after take-off over Cape Canaveral, Florida. Not only was the news of the horrible disaster a shock, but the investigation following the tragedy proved to be even more disappointing. The Presidential Commission's report unveiled that NASA had not insured the utmost safety for many of the space shuttle missions. This led to a major personnel shake-up at NASA and the disappointing news that the public would not be able to see another shuttle take-off until February 1988.

The nuclear arms race, once again, grabbed headlines in '86 as Soviet leader Mikhail Gorbachev and President Reagan met in Reykjavik, Iceland for what was dubbed as a "mini-summit" or the "summit before the summit." In any event, not much was agreed upon as the Soviets refused to deal with the United States because of Reagan's SDI system, better known as "Star Wars." After the summit, Reagan was quoted as saying "We got 99 yards but didn't score. It was the Soviets who fumbled the ball." This statement evoked a great deal of criticism from scientists and the American public as many believed that Reagan's firm stand was wrong concerning a proposal which many say will never work.

Tourism in the United States rose dramatically in 1986 as terrorism continued to haunt the world. Fearing terrorist attacks, many Americans chose to travel within the United States and Canada. Record crowds were reported at Disney World, National parks, and at the World's Fair which was held in Vancouver, British Columbia. It was the summer of '86 that the world heard the United States say "Enough is enough" as President Reagan ordered American naval vessels to cross Lybian leader Muammar Khaddafi's self-proclaimed "Line of Death." The US successfully bombed many areas of Lybia and even went as far as bombing targets in civilian areas near Tripoli. But, to the dismay of many, Khaddafi still lives! "We have done what we had to do. If necessary, we shall do it again," said President Reagan and ironically, not much was heard from Khaddafi for the rest of the year.

The world was shocked and alarmed to learn of the Chernobyl nuclear power plant disaster near Kiev, Russia. The entire world, especially Europe was outraged that the notoriously private Russians failed to notify other countries, not to mention their own people, of the seriousness of the accident. Only time will reveal the serious repercussions of the disaster as future generations of plants, and animals and humans are expected to feel the effects of radiation that their ancestors were exposed to.

Nineteen-eighty-six was the year that President Reagan's tough teflon presidency took a rather sharp scraping. After enjoying a relatively crisis free six years in the White House, Reagan ended the year in the midst of the Iranian-Contra Arms scandal which is yet to be cleared up. At the White House, no one, including the President seemed to know what was going on. While this surprised many, it also confirmed the suspicion of others that Reagan doesn't know what he is doing in the Oval Office. At year's end, all fingers were directed at Lt. Colonel John North who supposedly handled the entire affair on his own.

Two arson fires on April 29 and September 3 at the downtown branch of the LA Public Library created frustrations for everyone as over 200,000 books and as many irreplaceable resources were permanently damaged. Equally as frustrating was the arrival of Haley's comet. Because of bright city lights and overcast skies, this once in a lifetime spectacle turned into one of the biggest disappointments of the year.

Politically, California saw some of the most dirty mudslinging in history. George Deukmejian was unanimously reelected for a second term as governor, while Alan Cranston narrowly edged out Ed Zschau and his annoying television commercials. Rose Bird was not reelected to sit on California's Supreme Court, while a mere 2,166 votes made Clint Eastwood (Mayor of Carmel) the most reknown mayor in the world.

Records were broken in 1986 of which no one was proud. Airline catastrophies leaped to an alarming number as witnessed here in Southern California when Aero-Mexico jet collided with a private jet over Cerritos on August 31, killing 82 people. Also, the city's "rapid?" transit bus system was involved in various scandals including operators driving under the influence of drugs and drivers without valid licenses.

However, amid all the setbacks faced in 1986, a few bright spots still managed to ease their way into the history books. In the Philippines, Corazon Aquino rose to power as Ex-President Ferdinand Marcos fled to Hawaii where he is expected to take a very long vacation. Although everything isn't peaceful and harmonious in the Philippines, the future looks much brighter than it did just one year ago.

Here in the United States, the Statue of Liberty was unveiled on July 4 to celebrate its 100th birthday. Supporting a new face life, liberty stood as a symbol of freedom and hope as millions of viewers witnessed a spectacular ensemble of boats and fireworks that sent chills up the spines of many. Americans have been known for their wild and crazy parties and New York Mayor Ed Koch wasn't about to let the world down as he said "It's going to be the party of the century. I invited the whole world."

Here at Los Angeles High, the Romans enjoyed one of their most successful and productive years ever. As the "We Care" spirit permeated throughout the school, the campus was recognized with numerous awards for its clean, beautiful appearance. This "new look" played a vital role in the decision by District Superintendent, Harry Handler, to have the prestigious Academic Decathlon Competition held here at LA High. Nineteen-eighty-six also saw the Roman athletes striving for excellence like never before. The tennis, football, cross country, basketball and soccer teams all proved that the Romans are a force to be reckoned with, as each squad represented the school in the city playoffs.

Still there are many things that plague our society. The number of reported AIDS cases is still increasing at an alarming rate. Los Angeles County acquired the grim distinction this year of ranking second among metropolitan areas in the incidence of the still incurable disease. Drugs seem to be killing more of America's youth, as athletes, such as first round draft pick Len Bias and former UCLA superstar Don Rogers were found dead from cocaine overdoses. Apartheid hasn't vanished from South Africa and people are still starving in Ethiopia as well as here in our own country.

Fortunately, despite all the bad news of the year, 1986 ended with a sign of hope. Voyager, a flimsy looking craft which hardly resembled a plane, entered aviation history as pilots Dick Rutan and Jeana Yeager gave the world an early Christmas present when they flew around the world on a single tank of gas. It was a much needed boost to somewhat dismal year. Just as Voyager's crew reached out toward a goal, we must look ahead and set our goals high to strive for a better 1987 and beyond!

Roman Spirit

A TRIBUTE TO LOS ANGELES HIGH
By Christina Marchis

Approximately seven months of research, studying, and group marathon sessions came to a frenetic culmination on Saturday, November 15th, 1986 when Los Angeles High's six decathletes and three alternates spent a grueling but excitement filled day participating in the Fifth Annual Academic Decathlon.

All their hard work paid off with an announcement by the LAUSD that Los Angeles High School had placed ninth in the competitive Super Quiz.

"We were all ecstatic!" said coach Tamara Hoffman. "Winning a spot among the top 10 schools in the district was exactly what the team and I hoped for. Next year, I know we will do even better."

Following months of study and preparation for what would be an exciting contest of intellectual strength against the other 53 teams in the district, the team members reflected on the entire experience.

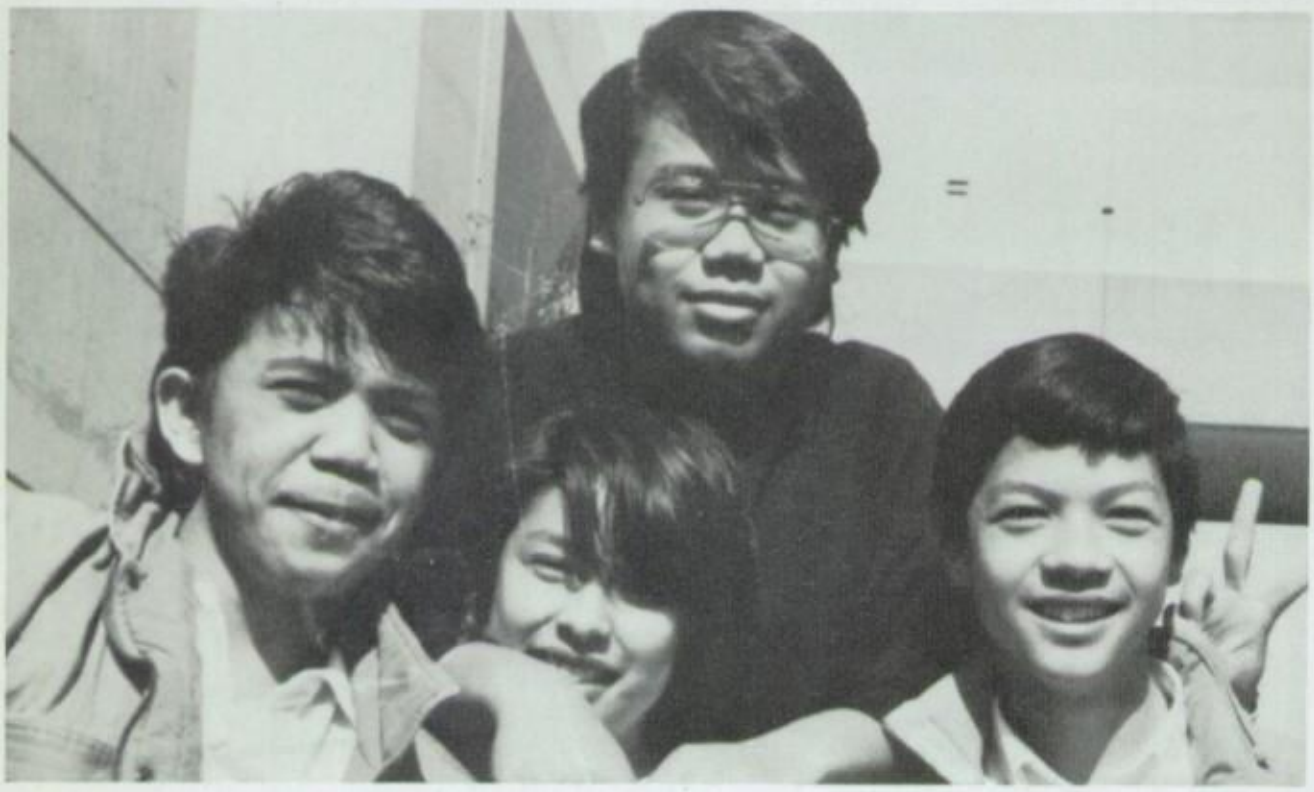
"We actually became a family more than a team. Everyone helped each other as best we could. I know we've made friendships we will never forget," said Dina Gamez, a senior Varsity team member.

Other members reflected more on the competitive aspects of the intense Academic Decathlon day itself.

"The Super Quiz was such a nerve-wrecking experience with the school and parents out there in the audience all watching," said Varsity member Alicia Olivares.

All seemed to share the opinion of Olivares but added that the team had thoroughly reviewed the Constitution, the Court cases, and the Supreme Court Justices and were ready for the event.

"The students were really under pressure to make a good showing at the Super Quiz. Competition was never stiffer. I'm proud of their achievement," said Hoffman.



Romans "We Care"

Being in an environment where the student body and the faculty display his/her "We Care" attitude will enormously help an individual's educational success. The "We Care" attitude should increase one's motivation towards scholastic achievement and decrease any insecurities concerning one's future life. This attitude will give every student an overall optimistic manner towards himself, his future and peers.

The LAHS teachers work with us and for us in providing an education that will give us a solid foundation and contest for a fuller, more meaningful life. It is always a pleasure to walk into a classroom, where teachers are accessible, committed to excellence in education, ready to advise, teach, and discuss. Because of the LAHS teachers' caring attitude, we, the Romans, have developed a high leadership potential, strengthened our communication skills, and expanded our personal as well as professional interests.

The cultural diversities in our campus mean students get to know one another and thereby develop an understanding and appreciation of different perspectives. The student body has made LAHS its second home because it is enthusiastic in obtaining a highly academic education. LAHS Romans will certainly have a successful future because they possess a caring attitude towards their education and their responsibilities. We are very fortunate to be in an environment where every student is willing to contribute his time and effort to show the world that people of different cultures can work together in peace.

The clean buildings and grounds at LAHS will also assist our educational success because the campus is an image of ourselves. It is a pleasure to be at LAHS many hours each day because the problems of vandalism and littering have decreased. The "We Care" action, a natural part of every Roman's daily activities, made this campus an enjoyable place to be because the graffiti and litter that used to exist have been eliminated.

The LAHS "We Care" attitude gains every individual's confidence, discipline, leadership, and responsibility. The "We Care" experience is to help the Romans achieve two very positive precedents: their success at futhering their education beyond high school and their growth in maturing as human beings.

I am proud to be a Roman because I have dedicated teachers and an international group of friends who are committed to education and friendship. It is also a pleasure to attend a campus that is beautiful and clean. The "We Care" action has provided me a well-rounded education, a long-term friendship, and a head start towards a successful future.

Jeannie Visootsak

My name is M.C. Len and I'll tell you all that the We Care spirit will never fall, so when you come to LA High enjoy your stay but keep the campus clean, the We Care way. Don't spit in the halls write on the walls, don't do those things because it's not called, so all you artists and those who gang bang, don't write on walls and desks, can you hang.

Drug dealers whose pockets are fat keep your drugs at home and that's no crap. So if you smoke marijuana or snort cocaine let me tell you all its not good for your brain so if you're dealing drugs you won't go far but you get a ride to jail in a police car, and when you're taking drugs you will feel bad, you look at the things you could have had. Now your life is messed up, because of drugs and you're hanging out late with your drug dealing thugs.

Don't want to argue nor debate but keep your weapons at home lets get that straight. A gun, a knife, will take your life, be a Roman and do things right. Don't shoot your fellow Romans lets get that clear show L.A. High that We Care. So don't bring your weapons you will get busted and your parents will be disgusted.

G-A-N-G Bangers being hard being down but please keep it cool on the school ground so blood and cuzz please don't fight, you're killing off your brothers and it's not right I was walking down the street and what did I see a female gang banger trying to sweat me, I said don't gang bang Have Roman Pride do what's right you decide.

Drama

L.A. High's 1986-87 Drama season got off to an impressive start in October with our participation in the city-wide Fall Drama festival at Redondo Beach High School. We entered the play *Fashion,* an early American drama written in 1845, which demonstrates the importance of American values at a time when European tastes were "all the rage," as the foolish Mrs. Tiffany brags. Cast members are shown in their historical costumes on these pages. *Fashion,* along with a scene from *Golden Boy,* advanced to the final round of contest competition.

In the Spring, L.A. High presented its first full-length production in several years, *The Skin of Our Teeth,* by Thorton Wilder. The show played to evening audiences, as well as six assemblies to the student body, under the direction of Mr. B. Oberstein, enjoyed bringing exciting theatre back to audiences in and around L.A. Looking back on the 1986 football season; we had a very good year. Coach Watson and Coach Hardy took a fine group of Romans and made them one of the best football teams L.A. has ever had.

Due to the victory over Venice High L.A. High won the first round in the playoffs, and went on to the semi-finals, where we lost to Reseda High 37 to 13.

Never having over 27 players, the 1986 Varsity Football team worked hard from day one and were very successful. We were league champions with a record of 4 wins, 0 losses, and 1 tie. The team had an exceptionally positive attitude, and accepted all the long hours and hard work, which made it worth — while for not only the coaches but for the team as well. According to Coach Watson and Coach Hardy "the success we've achieved this season is due to the hard work and sacrifice, which all of our players have contributed."

The success of the Roman Football Squad has also demonstrated to the rest of the city as well as to the school, that they are a quality football team.

The L.A. Roman's Bee Football Team had one of their finest seasons in recent year.

Standouts this season for Coach Herman Franklin and Coach Cornell Ward on offense were Monsenier Foster at tailback, with over 700 yds. rushing, Lorenzo Dejurnett at Wingback, Marvin Cajina and Charles Zelaya at Quarterback, Travis Marshall at Fullback, and Graig Fleming at Tailback. On defense the Roman Bees were super. Leading the charge was Patrick Brown, Emery Bernard, "Mad-Dog" Briones, Oscar Meddrano and an improved Jason Wilson. At Linebacker Sean Landrum, Vincent Mossiah, and Eduardo Galan were stoppers. Providing the Romans with speed on the Flanks was Sean "Crazy Legs" York. An improved defensive secondary was Chris Barrger, Phillip Walker, Rahim Baldwin, and Kijan Simmons. Hugo Merlos did a great job kicking and punting. Showing great improvement on the line was Oscar Medrano, Jaun Siquieros, Edgar Valencia, Michael Momoh, and Ricardo Sahagun. Stanley Howell was outstanding at Quarterback after being pressed into action after the victory over the Bell Eagles. We salute the 1986 Roman Bees on a tremendous year.

According to Coach Dan Rodriquez, "We had some outstanding players in the program this season." You hear the word Potential A zillion times, but if any team has it this year, the "L.A. ROMANS BEE BASKETBALL TEAM does." Our overall record was 10 wins and 6 losses. We were led by sixfoot Gregory Bradberry who scored 41 points against DORSEY HIGH. The best of the six new comers were three freshmen from Mount Vernon Junior High School: Troy William, Marlow Dominguez, and Kitae Choi. The most Valuable Player this Season on the Bee's Team was Gregory Bradberry.

Special Moments:

May 1, 1987—A Night Of Enchantment

Nothing can top an L.A. High Prom. Seniors reserved the evening of May 1, 1987, 8:00 pm for this special event. The prom took place at The Beverly Hills Hotel. The hotel is well known for it's hospitality, great food and magnificent chandeliers. Our prom colors, peach and silver, covered the large Crystal Ball Room.

There's no doubt about it, everyone loved the evening. For seniors, May 1, 1987 will always be remembered.

Knowing that only one starter from the 1985 team was, returning, the outlook on this year's team was very bleak. However, I was unaware that I was going to have such a tenacious and determind group of young ladies. This year's team definitely surpassed my most optimistic expectations. The team finished in second place defeating all of the other schools in our league, except Hamilton (the second best Tennis team in the city). Our second place finish enabled us to go to the city play-offs for the sixth straight year. Since most of the 1986 team was comprised of juniors, we are all hoping that next season we will be number one.

The 1986 team members included:

First singles: Leslie Kim Twelth
Second singles: Dina Gamez Twelth
Third singles: Sarah Rowins eleventh
Fourth singles: Marguerite Rucker eleventh (captain)
Fifth singles: Juliet Domingo eleventh
First doubles: Jennifer Pang twelth
Deirdra Reynolds eleventh

The GIA Volleyball teams ended their 1986 season on a positive note. Both the Varsity and Junior Varsity teams, 7-3 and 6-4 finished third and tied for second respectively. The Varsity team, led by captain Serese Williams, entered the first round of the play-offs at Bell High School. The Jr. Varsity captained by Norma Jackson, battled Fairfax for the right to play Palisades in the play-offs, but fell short of the goal. All in all, both teams experienced their best finishes in three years.

Manuel Sarrcedo, Dwight Williams, Ralph Rivers, Rodolph Martinez, Jermaine Gill and Luis Torres were our 10th grade runners.

Sammy Bland, and Carlos Carrello were our varsity runners.

Camille Mayo, Manuel Saucedo, Sammy Bland, and Dwight Williams are our runners that competed in the all City Cross Country prelims.

Manuel Saucedo was the only runner to advance to the city finals where he placed 15th out of 79 runners.

I hope next season that we can get many more of our talented students to come out and join our teams.

The Los Angeles High College Incentive Magnet is in its 7*th* year of existence at Los Angeles High. The Magnet this year has an enrollment of 218 students, the most ever in its history.

The program is for motivated students who have college potential. A full academic program to fulfill all university requirements is provided. Organization skills necessary for college success are part of the instruction in all classes. On going individual counseling is a special feature of the Magnet.

The Magnet has a close working relationship with UCLA, USC, and Cal Tech.

The program has placed over 6090 of its graduating seniors in 4 year colleges or Universities.

The Magnet is one of eight college Incentive Magnets in the LAUSD.

The coordinator of the program is Mr. Robert K. Carey. There are nine Magnet teachers covering all academic areas.

Applications for the Magnet are available during February in the counseling/Magnet office for the Fall semester.

Indian Awareness

Indian Awareness is a Club for Indian students who would like to learn about their heritage. The Club is also open to other students who are interested. They participate in field trips and Indian Crafts. There have been trips to Museums that exhibit Indian Artifacts, and to Indian "Pow-Wows" (traditional Indian Celebrations). During the meetings on Thursdays, the Club Members learn of Indian Culture and how to make Authentic Indian Jewelry. Last semester, the sponsors of the Club turned out great! The students and faculty enjoyed it, everyone who attended learned something. All in all the Indian Awareness Club is very beneficial, and I hope it lasts as long as Los Angeles High School.

Future Teachers

Future Teachers is a two-period class that is designed to explore career options in education. Students train at LAHS for five weeks, learning lesson planning, tutoring techniques, and normal child development. They then go to area elementary schools to work in a classroom as a student teacher, taking groups of students to work with everyday or presenting lessons to the class as a whole. Often the students are hired as paid aides as soon as they graduate from LAHS.

Pep Club

As an addition to the JV and Varsity Cheerleaders, the Pep Club is a big part of Roman Pride and provided our football teams moral support both at home and on the road. In their familiar dark blue and white uniforms Pep Club members are often seen parading around the school excitedly discussing an upcoming game. Their enthusiasms truly have boosted our Student Body as a whole.

Blue And White

"The Blue and White? What's that? — I didn't know that we had a school newspaper." That is what the typical Roman had to say about the paper in the beginning of the fall semester because a considerably smaller staff and the pressures of switching to a computer delayed publication. Despite a slow start, the B&W eventually became a bi-monthly publication renown for a quality product.

"The Editor-in-chief, James Sakamoto and journalism advisor, Marcia Haskin, guided the staff through the rough periods when it seemed like we would never get the issue out on time, but somehow, we always seemed to manage." said Features Editor, Christina Marchis.

It is the goal of the class to learn how to write in a professional journalistic style as well as provide the Student Body with an informative publication.

"The entire staff's dedication and hard work has always made the newspaper a first-class publication that personified the "we care" attitude," said Haskin.

A good publication needs strong leadership. James Sakamoto, the Editor-in-chief, heads the staff, but is helped by News Editor, Laura Enfiajian, Features Editor, Christina Marchis, and Sports Editor, Peter Hernandez. Together with the reporters, these people produce a four-page newspaper exhibiting style, knowledge, and award-winning writing.

Filipino Club

The Filipino Club was started in 1974. This year's club was sponsored by Mrs. Paez. The Filipino Club had various fund raisers, including bake sales, Christmas, and International assemblies. Filipinos are very proud of their cultural heritage and enjoy displaying their dances and music for others.

The Filipino Club not only provides information of their past culture, but it's a great chance to meet new friends and build close relations with other Los Angeles High students.

This year's club has doubled in membership since the last several years due to increased popularity. The Filipino Club has definitely become one of L.A.'s most outstanding cultural clubs.

The Peer Counseling team work to inform fellow students about SAT dates, college applications, visitations, and other informations concerning other universities and colleges.

Club Latino has existed many years. Its members are proud of this organization and are committed to making L.A. High a better school.

Our basic function is to organize our Hispanic students to make our school excel, and to work with the community to create a better understanding of the goals of the present Hispanic generation. On this year's agenda is a psychology seminar, for parents. The objective is to get parents involved in the educational process so that through a mutual effort with the school, can be assisted in achieving their goals and aspirations. We have also planned a "Sweet Heart" Dance in February.

We hope that LAHS has had a good year just as we have had a very good one!

They compete against students from many high schools. At these competitions, they also have the opportunity to exchange ideas on the many aspects of debate.

The trophies and certificates provide ostensible evidence of success, but the real rewards comes from the self satisfaction derived from participating in a debate!

Hands Across Campus

USLA stands for United Students of Los Angeles, although the club's preferred name is Hands Across the Campus. The purpose of this organization is to promote learning and understanding among the various cultures and ethnic groups at Los Angeles High School. It tries to fight discrimination, racism, and prejudice through education. Field trips to various places and exposure to different cultures promotes understanding. Ignorance of different cultures and different lifestyles breeds prejudice. Los Angeles High School is fortunate to be one of the richest schools in the country in terms of the diversity of ethnic groups and student population. Over fifty different languages exist right here at Rome. USLA/HAC is working hard to promote a "We Care" attitude toward all people.

High has been a participant in the Interact program and serves the community by staging jog-a-thon's, fundraisers, food drives and several other activities in which the club gives help to the needy. Just this year the Interact Club has worked at the Alcott Rehabilitation Center, served food at the Braille Institute Center and initiated fundraisers for Cancer.

The Interact Club has had a wonderful year. All of its members can be proud of the fact that they were a part of such a wonderful organization. It is these kind of people who will be the humanitarians and philantropists of the future.

Korean Club

The Korean Club is sponsored by Dr. Chung. This club participates in the annual culture night which is widely attended by many students and their parents. Culture night provides entertainment, and the program is enjoyed by students and parents, alike.

A course in CPR is required in order to be a nurse's aide. The nurse's aides are a committed and responsible group of students. Their services are greatly appreciated.

ROME GRAPHICS

Rome Graphics is a career oriented class. It gives the students advanced experience in production skills. It is a class for students who are willing and interested in the production of color printing, layout and many advanced skills that will lead them to a successful career.

The production class does projects for the school staff and the school itself. It makes membership cards, posters and other important materials. Most important the "WE CARE" attitude shows in all of the materials that leave the shop.

Mr. Jim Langley has been teaching Rome Graphics for 16 years, he is not only a teacher but a good friend. He has worked hard to develop an excellent program that all of Los Angeles High can be proud of.

A Farewell To The L.A. High Music Dept.

In the 1986-1987 school year I will complete my 16th year at L.A. High. This has been an up and down year, competitvely. At times we have looked and sounded wonderful and we also fell short of that mark more times than we would have liked. In spite of this inconsistency, we have had a generally successful season, a great deal of learning by both myself and the students, and lots of fun. In the Band & Color Guard's 9 years of competing we have won over 160 trophies & Plaques. We are proud that we have learned the proper ways to accept wins as well as loses. It is important to know the right way to do both. To say that I will miss the L.A. High BCG doesn't adequately describe my feelings. The success of this department has been due to many and should never be stopped by the absence of any one person. I have told you many times that the only goal that I have not achieved as L.A.'s Director of Instrumental Music is to see this program remain strong and viable after I have left.

Help me to achieve this goal by not letting yourselves down. I love you all.

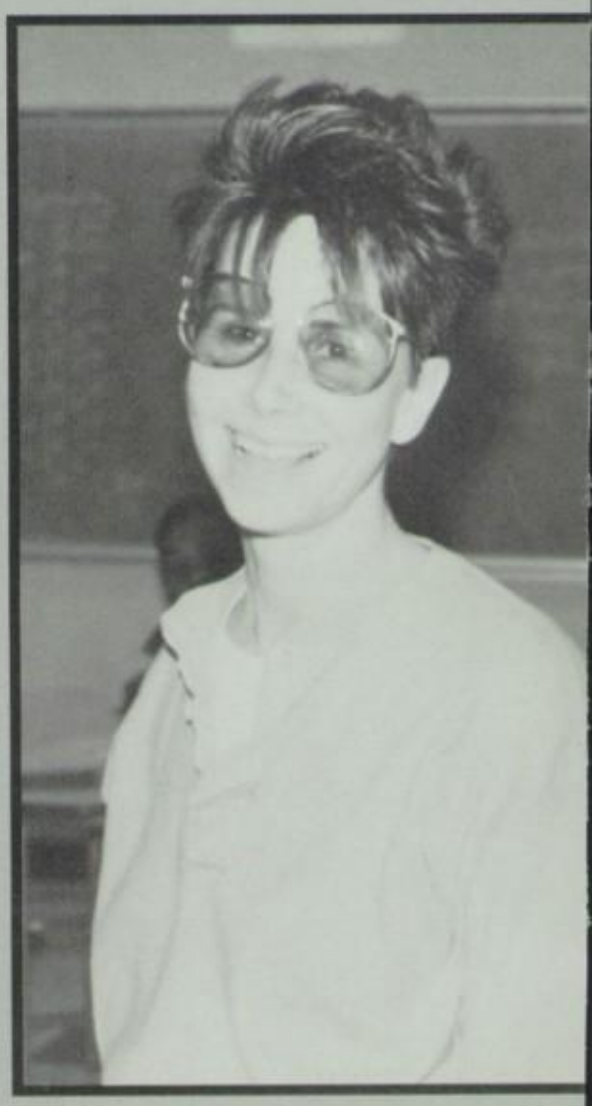
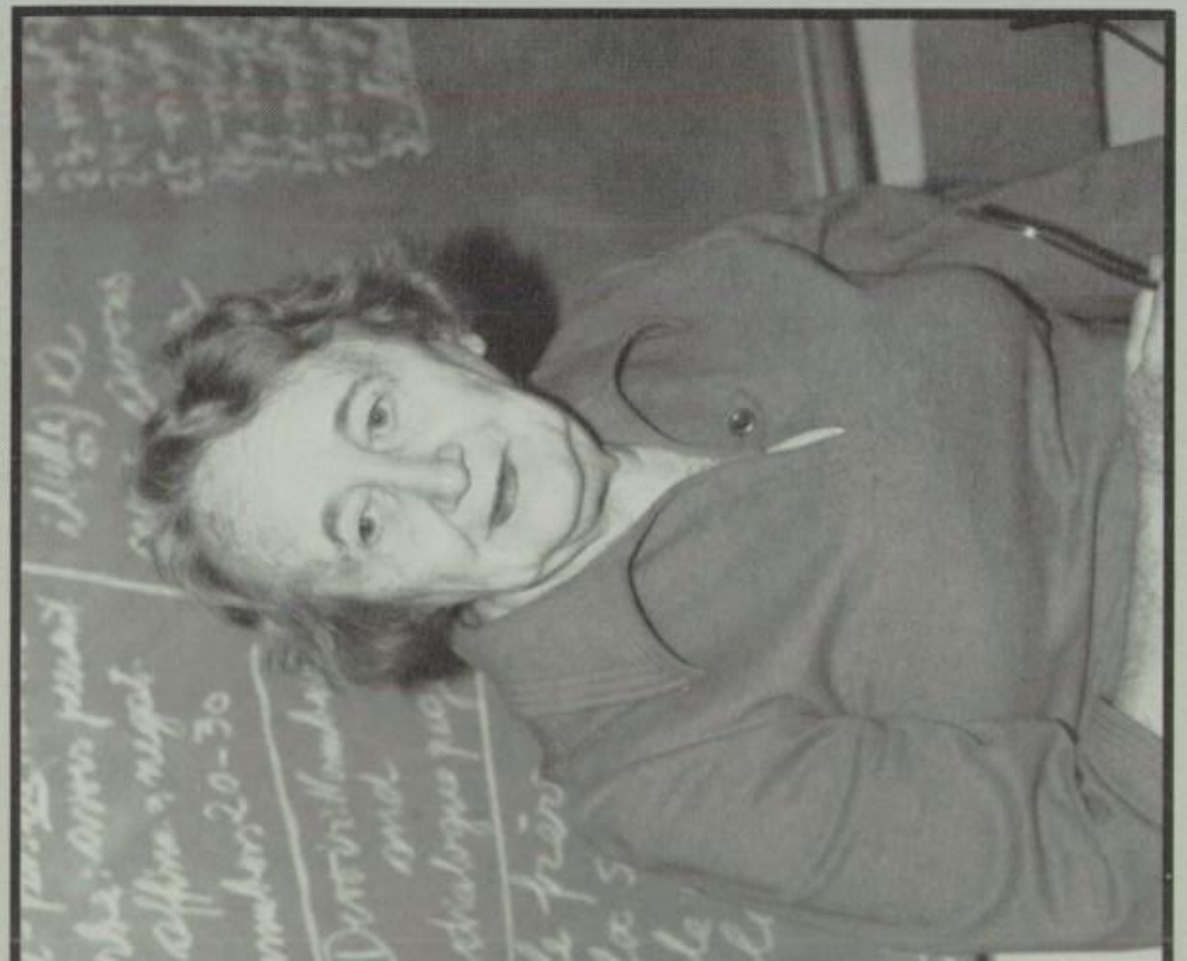
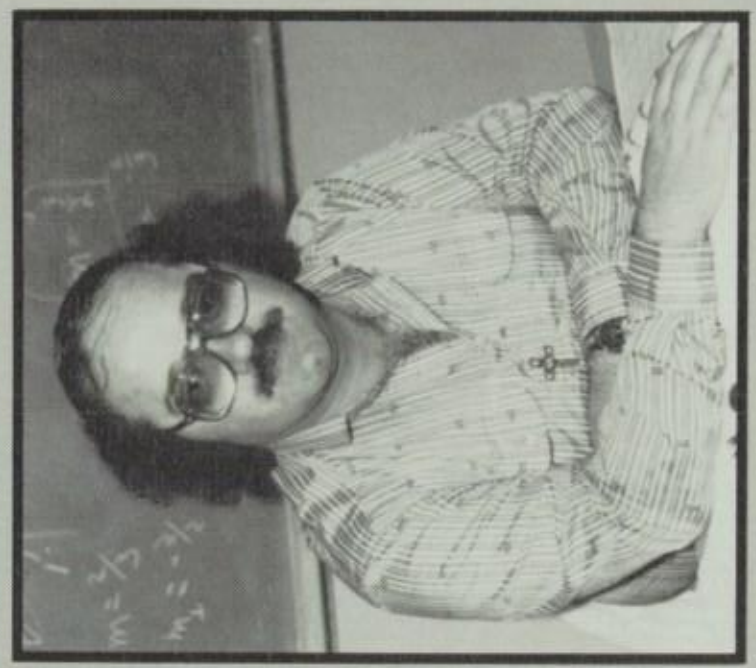
A Toast To Rome



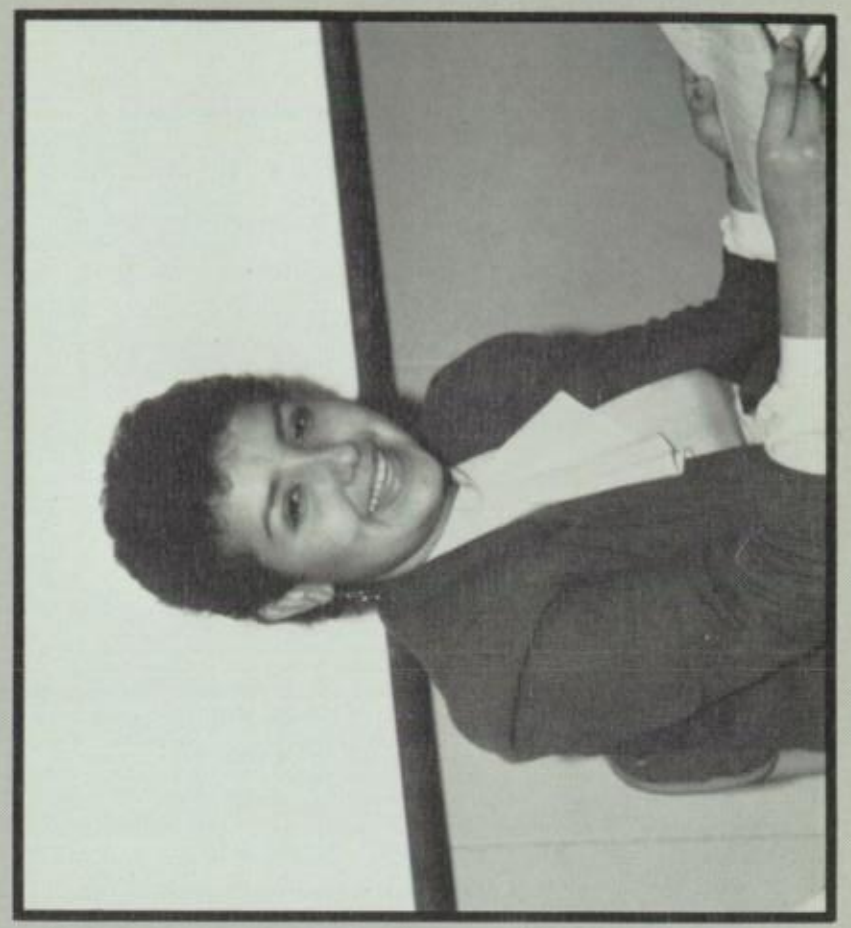
FACULTY



FACULTY



FACULTY



Faculty And Administrative Staff

What makes one Senior Class disinguish itself from among all the others that have passed through the halls of Rome? Is it their class name? Motto? School Spirit?

Actually, the ambition, the achievements the personal accomplishments of the senior class are the indelible marks left to an Alma Mater that are long remembered after graduation night.

Yes, you the Valororians, Class of, 87, have left your unique mark on Los Angeles High School.

As sophomores, you entered Rome as a perplexed yet eager new student, ready to conquer the challenges of a large, diverse high school. In your junior year, you struggled to maintain that GPA while at the same time remaining involved in campus activities. And finally, the senior year rolled around, and you were now ready to accept the prospects of a college education or the work world. During this past year, many Senior class members had the opportunity to be a part of a series of outstanding accomplishments that brought recognition and pride to both individuals and LAHS.

In the academic arena, 48 seniors received Academic Booster Club jackets for having earned a GPA of 3.5 or higher. It was the drive and intellectual spark of several seniors that allowed LAHS to place 17th in the Academic Decathlon, winning a plaque for one of the most improved schools in the district.

On the sports front, seniors could boast of belonging to a winning team for the first time in many years.

Both Roman football and soccer teams won their division league titles, bringing an air of pride and spirit to their school.

Have the Valorians distinguished themselves as a unique Senior Class? Most definitely .

Your academic and athletic achievements, sense of school pride, and desire for personal growth have been exemplary. But all that you have accomplished, here at LAHS, is merely a beginning for each of you. The real excitement and challenge lie beyond graduation. It's at this point, also, that you reflect on what LAHS has done for you and what you now can give back to Rome. Congratulations Valorians, Class of '87.

Los Angeles High School Alumni Association

The Los Angeles High School Alumni Association, founded in 1881, is now in its 106th year of operation. It now congratulates the graduating class of 1987 and welcomes them into the ranks of the Alumni.

As new Alumni you should know that your association maintains a mailing list of 23,000 graduates. They are notified of reunions, now conducted on the first Saturday of each year, at noon, in the Embassy room of the Ambassador Hotel. In 1986 the event drew a record attendance of 860 grads and their guests.

The other noteworthy activity conducted by the Association last year occurred the afternoon of November 18 when the new Alumni court was dedicated. The court, on the west side of the campus, features lettering adorning the west wall of the main building, a plaque commemorating the event, replacement of the sundial which once adorned the school on Fort Moore Hill, and installation of the time capsule recovered from the original West Olympic Blvd. Building destroyed by the 1971 earthquake.

Your Alumni Association, non-profit and conducted entirely by volunteers, now invites you to become a member. Your first-year dues of $1.00 is included in the price of your Star and Crescent pin. For four more years thereafter you may continue membership at $1.00 a year. Then you may join Lifetime for $15.00 — no more dues to pay!!!

Olga

To my sweet baby Olga,

I love you with all of my heart. You mean the world to me. We have been together for over 2 years now, and I have loved every minute of it. Those 2 years have been the happiest years of my life and, you have always been there when I needed you. You have given me the strength and the purpose to carry on. All of my dreams have come true with you. I consider myself the luckiest guy in the world for having a girlfriend like you. Please don't ever change your sweet way of being with me.

The only one for me is you, and me for you; living together so happy forever. I can't see myself loving anybody else but you. When I am with you the whole world seems so beautiful. I have never loved anybody the way I love you. You are the love of my life.

I will always love you,
Carlos Mendez

Together Forever

Babe,

We have been together for 2 years, and many more to come, I want you to know that I have loved you ever since the day I saw you, and I will love you till the day I die.

We have been through good times and bad times, but we always made it through. You have filled my life with happiness and joy. You showed me the meaning of true love. Before I met you, I never knew what love was, but believe me, now I do and I am very happy.

Sweetheart, without you I wouldn't be what I am today. Thanks for always encouraging me to do my best at everything I do, and for always being by my side when I needed you. I love you for being sweet, nice, loveable, and most of all for loving me.

Honey, I can't wait till the day we say, "I Do". It will be the happiest day of our lives, aside from the day we met.

Baby you are the meaning in my life, you are my inspiration, and most of all you are the best thing that ever happened to me.

I Love You 4 Ever,
Olga Aragon

A message to my mom and dad

What can I say to someone who has always been one of the most essential parts of my world; someone who took me by the hand when I was little and helped to show me the way

What do I say to someone who stood by to help me grow, prouding love, strength and support so I could become the person I am today?

What can I say to let them know that they are the best there is, and that I hope I've inherited some of their wisdom and their strengths?

What words would I say if I ever got the chance? Maybe I'll just say "I love you mom and dad" and thanks for everything.

Love always,
your daughter
Lisa

To my sweetheart Renard,

Thank You For The Day We Met and I Love You

Ever since the day we met I knew that you were extremely special, I knew that I wanted to get to know you better and I knew that my emotions had been touched.

Ever since the day I fell in love with you I knew that I wanted to spend all my time with you. I knew that I wanted to tell you everything about myself. I knew that I would begin to grow as a person.

Ever since the day that you and I became one I knew that we had a very poignant relationship ... I knew that I wanted our relationship to last forever.

If we had not met, I would still be searching for happiness and I would always be thinking that love was not real. So I want to dearly thank you for the day we met and forever after.

I love you
Lisa Yvette Segee

Come, let's share reflections
of our friends . . . no more to see
with our memories . . . oh . . .
how dear they'll prove to be.

Our memories of you, dear
friends
For a lifetime . . . will last,
And keep you daily with us . . .
Though from this earth you've
passed.

Your voices . . . your smiles
We will forget . . . never,
Strong ties to the past . . .
That nothing can sever.

We may never again feel
The touch of your hand,
But perhaps it's being felt
In another far-off land.

We'll simply be eternally grateful
For the time with you we've had,
Thriving on fond memories . . .
Being happy . . . . . not sad.

And thinking how blessed we are
Those of us who,
Have had our lives . . . . . .
Beautifully touched . . . by you.

My Best Friend

Almost too quickly, as if with the wind,
"It blew me away," to lose my best friend.

He left me alone, and my heart has to mend,
For it was torn, with the death of my friend.

A helping hand, he was willing to lend.
Even when he had important business to tend.

"Bonnie and Clyde," we made a great blend,
He had immediately become my dependable friend.

The time had to come when his life had to end,
Remember, I love you, my big brother, my best friend.

If I could only write down with a brush of my pen,
All the wonderful times I have spent with this friend.

I'll cherish the memories, he was always to send,
Aubrey, I'll miss you, My best friend.

To my pepper, 86-87
You are the most terrific guy and the most wonderful friend whom I had the best of times with. PROM: MARIA P.

MI AMOR:
NUESTRO AMOR ES Y SERA SINCERO Y PURO. ME HAS BRINDADO CARIÑO, ALEGRIA Y TERNURA. ESTE AÑO ES AUN MAS ALEGRE Y SIGNIFICANTE PARA MI, SABIENDO QUE TE TENGO A MI LADO CUANDO MAS TE NESECITO CONMIGO. EL 18DE JUNIO CUMPLIMOS TRES AÑOS DE AMISTAD Y EL 12 DE JUNIO SEIS MESES DE NOVIOS. PAPI ESPERO QUE SIEMPRE ESTEMOS JUNTOS PORQUE SOLO TU ME HACES FELIZ. Hector

TU SONRISA ALUMBRA MIS DIAS OSCUROS,
TU OJOS ILUMINAN MIS NOCHES SIN LUZ,
TU CARIÑO ME DA FUERZAS PARA SEGUIR ADELANTE,
Y TU AMOR ME AYUDA A SOBREVIVIR.

MR. MICHAEL PALMA, "SUMMER 87"

Well, we've actually made it through our supposedly most difficult year in this institution of learning. Through all the happiness, tears and heartaches, we've managed to still stay the greatest of friends. You've given me your strength when ever I needed it the most. and you've always been there for me.
We've got one more year to go and I'm sure that our friendship shall grow even more.
Together we'll show the world how much two people can accomplish as being special friends who truly care for one another.

ALWAYS,
THANKS FOR EVERYTHING. MISS CONCEPCION

Our friends, they imprint memories
That time cannot erase;
They leave a lasting influence
That stirs the lonely space
Friends bring golden memories

Friends bring pieces of memories
To cheer and warm you, too,
And make your world a wiser place

LOVE ... MIYAKO

To all my teachers I want to thank them for teaching me all the knowledge to make it in life. I appreciate it and especially to my favorite teachers, Mr. Hoffman, Mr. Keith, Mrs. Lacy, Mrs. Blake, Coles, Mickey, Mrs. Mahaffey, Mrs. Hass, Mr. Francois, Mrs. Hall, Mrs. Hall, Mrs. Hall

SPECIAL FRENZ

Countless are the reasons
We have to cherish friends
For smiles when they're most needed,
For helping hands they lend,
For special confidences.
They take the time to share
For all the little loving ways
They show how much they care,
For their joy in our successes
And their comfort in defeat-
For these and more, it's truly friends
Who make our lives complete.

Thank you to all our class friends for all the special ways they have brightened our years at Los Angeles High. We love you all.
The "Bunch", Lulu, Marisa, Alicia, Teresa, Ana, and Grace.

To the Graduating Class of 1987:
It has been a great year!

IT WAS NICE KNOWING YOU THIS YEAR EVEN THOUGH YOU WERE ALL NO-GOOD AND CONCEITED. I FEEL SORRY FOR THE YOUNGLADIES WHO WERE YOUR GIRLFRIENDS, BECAUSE YOU PLAYED ON THEM EVERYTIME YOU POSSIBLY COULD. GOOD LUCK IN THE FUTURE, BUT YOU BETTER CHECK YOURSELVES BECAUSE THE LIFESTYLE YOU'RE LIVING IS GONNA CATCH UP TO YOU!

FROM, ALL THE FLY BABES IN LA!

To my mother Ann DeJean, I could never find the words strong enough to express how forever grateful I am to you. When I was in kindergarden I was just a little girl who couldn't color to save her life. As I grew older I became a slightly obnoxious and extremely fantastic young person. I must say thank you for doing so fantastic with your 'B' child. I will never forget the love and nurturism that you have shown me throughout all of my crazy years. You were always there when I needed you and you let me go through my adolescent changes. THANK YOU. Love your daughter. Also thanks to all of my brothers and sisters for spoiling me & all of those years. Judy, Dizzy, Mom, B.B. Jean, Mike, Pat, Teddie, Josh, Sam, and my nephew Phillip who gave me my nickname MONNI. & love you all the same.
